

GLOBE FIRE DEPARTMENT

PUBLIC SERVICE ANNOUNCEMENT

Due to increased temperatures and the extreme fire danger, the Globe Fire Department is implementing Fire Restrictions for the City of Globe that mirror the current restrictions of all adjacent Federal and State land management agencies. Effective immediately, residents are prohibited from building, maintaining, attending or igniting open outdoor fires, warming fires, bonfires, campfires or fireworks. All Burn Permits are revoked.

Residents venturing out onto public lands, as well as the San Carlos Reservation, are reminded that there can be no target shooting or fireworks.

According to Fire Marshall Joe Bracamonte, "I encourage all residents to be fire wise. Remove small brush that may be growing between taller trees and heavy accumulated woody debris near your home, sheds and gutters. Previously issued burn permits are null and void. The zero tolerance policy is in effect."

Complete information on the Tonto National Forest Fire Restrictions can be found at www.fs.usda.gov/tonto/ or by calling the Globe Ranger District at 928-402-6200, the Payson Ranger District at 928-474-7900, the Pleasant Valley Ranger District at 928-462-4300, or the Tonto Basin Ranger District at 602-225-5395. View the Tonto National Forest's Press Release [here](#).

Globe residents be ready for fire season by signing up for Everbridge, Gila County's emergency alert system, at www.readygila.com.
